

BANQUET & SEMINAR

Ministry of Natural Resources and Environment, the Brainstorming of Give Life Back to Mangrove Forest at The Tide Resort.

Office of Marine and Coastal Management 2 (Chonburi), Department of Marine and Coastal and Ministry of Natural Resources and Environment organized a meeting for opinions and suggestions that will benefit the preparation of rope fish traps in an artificial reef for Give Life Back to Mangrove Forest and Increasing Biodiversity with Mr. Tanet Munnoi, the Director of Office of Marine and Coastal Management 2 (Chonburi) presided over the opening ceremony on 14 December 2016 at Pacific Meeting Room, The Tide Resort Bangsan Chonburi.

Meet Seller-Buyer of the automotive industry at The Tide Resort

Thailand Board of Investment Unit for Industrial Linkage Development (BUILD) together with the Subcontracting Promotion Association of Thailand organized an event “Vendors Meet Customers (VMC) No. 269” which many operators of the automotive and electronics industry had attended on the 23 December 2017 at Pacific Meeting Room The Tide Resort Bangsan.

The purpose of this event is to act as an intermediary and encourage an interaction between product assemblers and components manufacturers in the country to increase opportunities of producing various parts for the assembly line. This activity is also beneficial to product assemblers in order to obtain information on new manufacturers. Reduce complexity, save cost and time in finding component manufacturers as well as lower cost in production by using parts that are manufactured in Thailand.

Ministry of Energy organized a conference to educate those involved in the decommissioning of installations in the petroleum business at The Tide Resort.

The Department of Mineral Fuels of the Ministry of Energy organized a conference, “The participation of the stakeholders on the environmental management of decommissioning of installations in the petroleum business” with Mr. Chaichan Aiemchareon, Deputy Governor of Chonburi Province presided over the conference and Mr. Suriyand Apiraksattayakul, Deputy Director General, Department of Mineral Fuels as an honor guest to attend this meeting.

The conference aims to disseminate information on the laws and regulations of the decommissioning of installations in the petroleum operations which include environmental management, demolition planning and academic information about demolition alternatives and technology. This is to achieve a correct understanding about the demolition of installations used in petroleum business. The installations in the petroleum business include a Wellhead Platform, Shelter Platform, Central Production Platform, Pressure-Booster Platform, Petroleum Reservoir Boat, Petroleum Pipeline Under The Sea. The meeting was held on 7 February 2017 at Caribbean Meeting Room The Tide Resort Bangsan Chonburi.
